project, Haven of Hope DV Rapid Rehousing, was selected to straddle the position between Tier One and Tier Two since it was the lowest scoring renewal. It is a rapid rehousing project so if it is not funded it will avoid displacement of any persons in permanent housing units. In Tier Two, the straddle renewal project was followed by the DuPage PADS Expansion of New Beginnings Rapid Rehousing. This project was reduced in 2021 due to its placement at the bottom of Tier One so it is being recommended in order to bring the project back to full capacity. The amount was adjusted to fit the Tier Two required total. It was chosen over the expansion of the permanent supportive housing project Hope Place since Coordinated Entry shows a greater need for Rapid Rehousing beds. Emergency housing vouchers continue to be available to be used for permanent supportive housing.

The DV bonus project, Expansion of the Haven of Hope Rapid Rehousing, was placed last in Tier Two so it would not affect funding of higher priority projects and is not part of the Tier Two amount.

The Planning project is included in Projects Accepted but is not ranked according to HUD guidelines.

A final Tiering List with all projects, amounts and Rankings is attached.

HUD will select all project amounts in Tier One from the highest scoring CoC to the lowest scoring CoC before selecting any project amounts in Tier Two. Tier Two projects will be scored individually by HUD up to 100 points each. In Tier Two, HUD will select projects in order of point value from all CoCs. The DV bonus will be scored on a different 100 point scale that is evaluated nationally.

I wish to thank the Rank and Review and Leadership committees for their thoughtful deliberations on this process.
