Launching BusinessObjects

ART has been upgraded to BusinessObjects 4.3. Links to ART will remain until WellSky completes their post-upgrade validations.

 After ART is offline, the link in the upper right corner will change to "Connect to BusinessObjects"

2. BusinessObjects is available in the Reports menu and Custom Reports tiles - and should be used instead of ART.

3. Links to ART will eventually be removed.

Navigation Notes

The Home Icon

...returns you to the Home page of your session.

Data Protection Pop-Up

The first time you open Business Objects, you will see a Data Protection warning. You can close this warning. Check the "Don't show..." option if you want it stop appearing for future logins.

Session Timeouts

If a screen is left unattended for 10 minutes, a warning will pop up giving you 5 more minutes before disconnection.

Users have 60 minutes of active time before they are logged out of BusinessObjects (same as ART).

Data Protection
This product contains open or freely configurable entry fields, which are not intended for storing personal data without additional technical and organizational measures to safeguard data protection and privacy.
Don't show this message again.
